Attn: Members of Committee on Oversight, reform and ethics, Tom McMillin, Chair
Subject: HB 5768

Please enter this email into the testimony on HB 5768. I am in support of passage of this bill against the provisions of the NDAA that allow for the indefinite detention of American citizens. Passage should be swift and sure. All legislators took an oath to defend and uphold the US Constitution against those who would violate it. Nullification is the rightful remedy here!
